DIARY NOTES

27 January 1969

DD/S 25X1A 25X1A Phaseout: Today I met with Chief, FE, to make known Support interests in connection with the proposed phaseout 25X1A on 30 June 1969. I submitted two memoranda from Logistics and Finance which set forth a number of factors with which these two activities must develop early plans and arrangements. I pointed out that there are a number of Finance and Logistics considerations pertinent to a phaseout of the 25X1A which go well beyond the immediate interests of FE and 25X1A These involve procurement arrangements, long-term and short-term, transportation agreements, finance agreements, accountings, settlements, disposal of properties and facilities all of which must be planned and organized 25X1A was appreciative of this well in advance of the closeout date. information and readily recognized the equity interests of Finance and Logistics in this operation. I advised that it would be most helpful to the 25X1A DD/S if early in the discussions we could send a DD/S team to be sure that these interests are explained and arrangements made on the scene for appropriate coverage and agreements on all these factors. 25X1A readily agreed and it was proposed that this team visit take place early in the negotiating stage so that DD/S will have as much time as possible to make arrangements. 25X1A

3. Colonel White--National Civil Service League Award: The Director signed the proposed papers to the National Civil Service League Award and asked that I have these personally delivered to Mr. Couturier. The Director further asked that we furnish the names of former Directors John McCone and Admiral Raborn as references to whom the League could address inquiries. I asked Mr. Wattles to personally deliver these papers and to advance the names of McCone and Raborn as indicated. I also raised the point that very possibly the League would not make any independent inquiries in which case we may have to ask Mr. McCone and Admiral Raborn to forward to the League a letter of endorsement of Colonel White's nomination. Additionally Mr. Helms asked for the list of those individuals to whom these recommendations will be distributed as the reviewing committee for the League's award. Mr. Wattles will endeavor to get this information. It was our previous belief that the 29 names of members of the League board were the ones who reviewed the nominations but Mr. Helms did not think this to be the case. Mr. Wattles will report on his meeting with Mr. Couturier.

DIARY NOTES

24 January 1969

DD/S

Jack Blake called

25X1A

about 24 January to advise that there was about a \$400,000 overrun on a

25X1A

This contract has DD/S&T (OEL) contract with

been a difficulty since November 1968. At this point it was understood

that the Executive Director and PPB were unaware of this overrun and I

suggested that if DD/S&T did not make this known to the Executive Director

then I would expect a memorandum from Mr. Blake. Apparently notification

has been made to the Executive Director.

DIARY NOTES

DD/S

24 January 1969

- 1. White House Security: Howard Osborn advises that he has been in touch with appropriate officers at the White House to establish liaison (a) for the central designation through Richard Moose as the officer who will specify those White House employees who need compartmented clearances for access to special information and (b) the establishment of liaison with Bud Krogh as the focal point for access to security records of White House personnel for clearance purposes. Mr. Krogh is an assistant to John Ehrlichman who is the Counsel to the President and has been designated as Security Officer of the White House.
- 2. Vent in DCI Conference Room: On 23 January the thermostat and air controls in the DCI conference room were not working. The vent was making a loud noise almost to the exclusion of conversation at the Morning Meeting table and the temperature of the room was over 80 degrees. I called and advised that definite action had to be taken to correct this deficiency and during the day such action was taken with engineers from Minneapolis Honeywell. I had reported this the day before but not much of anything was done to correct the condition.

DIARY NOTES

DD/S

22 January 1969

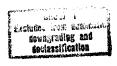

Vent in DCI Conference Room: The vent was making an inordinate amount of noise this morning to the point where it was difficult to hear conversations at the end of the table. I immediately called and asked him to take expedite action to correct this situation and report to me his accomplishments during the course of the afternoon.

DIARY NOTES

DD/S

21 January 1969

25X1A

1. Public Service Aid Society: I met with Bob Wattles and Ben to discuss the current Board organization of PSAS and the fact that a number of members of the Board are out of reach and out of touch and actually the Board has not met since 1962. We agreed that Bob will talk to Tom Karamessines who is the Director with a view to (a) reconstituting a board of appointed Agency representatives of not more than six who will actively participate in the management of the funds. This will in no way affect the tax-free status of the PSAS. (b) The staffing and operation of the PSAS should be clearly specified as a responsibility of the Director of Personnel and (c) an effort should be made to collect the \$85,000 now out on delinquent loans. In addition about \$25,000 is out on a current loan basis and about \$20,000 in cash is in the fund. balance the ledger. If Mr. Karamessines agrees, I asked Wattles to prepare a necessary paper to submit to Colonel White for approval.

25X1A

that he can recover about 75% of the delinquent loans and the remainder are non-collectible because of the financial difficulties of the recipients. This latter category should be turned into grants which in turn would

25X1A 25X1A

2. Employee Review Board: The DD/P called to advise that he is making an interim assignment for approximately six months to the Employee He had planned to assign Review Board of s ill and he is uncertain of his future. he has just been advised that

25X1A

Howard Osborn mentioned to me the other day some dissatisfaction on the part of in today and had a chat with him in which I explained my conversations with Dr. Tietjen about his assignment upon return from his second heart attack. I mentioned that I expected him to be given an assignment of interest and challenge but not one that involved heavy and demanding pressure which might aggravate his condition. This acknowledged and accepted and was grateful for the consideration. He did point out, however, that he has had differences with Dr. Tietjen involving a rather angry personal exchange and that there has been an estrangement as a result. I will not attempt to list in detail the incidents but there is a definite impasse between

Approved For Release 2000/0484 PRDP73-000270000100090003-9

25X1A	the two feels that he has very little to do and he is looking	
25X1A	for active and challenging assignments. He indicates that his present position as a consultant to in the Selection Processing Center leaves him little to do. I will speak to Dr. Tietjen at the appropriate time with	
25X1A	a view to having given a specific and challenging assignment.	
25X1A 25X1A 25X1A 25X1A	dropped in to see me following his return to duty from sick leave to talk about his present assignment in PPB and some contemplation of his future and to talk about the possibility of the assignment as Chief of Support in a sto his next responsibilities after the manpower paper is cleared up. While he was originally considered for the position of Executive Officer of PPB this has not materialized. While he was originally considered for the position of Executive Officer of PPB this has not materialized. Indicated he would be interested in a future change of assignment as he did not think his present job will evolve into a serious, challenging job. Regarding the assignment, he indicated interest but had reservations to the point of considering himself out after talking with several people but largely because no one else seems to want the assignment. He seems to read into this some serious problem which is not evident at this time. I took the opportunity of explaining the background of the assignment and the need for someone of his experience, calibre and competence is a lasked that he consider the job and suggested that he talk to and to about it (the former particularly to fill him in on and the manner in which he operates). Will report back to me in the next several days. This matter has not been discussed with the Executive Director or John Clarke. If the does indicate active interest I will then talk to Colonel White and Clarke.	25X1A 25X1A 25X1A 25X1A
25X1A 25X1A	5. Emmett Echols: The Executive Director raised the question to me of the proposal to grant the Distinguished Intelligence Medal to Mr. Echols upon his retirement. This was submitted on the expectation of an early retirement by Mr. Echols but as I understand it now this may not take place until some time in October 1969. The Executive Director will return our recommendation and asked that we hold it until 30 or 40 days prior to retirement. 6. Hugh Cunningham, Director of Training: By agreement between the Director, Executive Director and the DD/S Hugh Cunningham is to be the next Director of the Office of Training. I checked with John Richardson as to his date of departure to DD/P in preparation for his assignment to He advised that he is leaving on April 18 since he is expected to arrive in the by mid-June, 1969. I called Hugh Cunningham and advised	-
23X1A	him of the April 18 departure date and we agreed that he would have a one-week overlap with Mr. Richardson wherein Mr. Cunningham would

25X1A

report to OTR effective either Friday, 11 April or Monday, 14 April.

will be in place and will be available to continue the briefing of Mr. Cunningham.

Mr. Cunningham raised the question as to whether the Director of Training was on the Executive Pay Scale and I advised he was not. Cunningham wondered whether this could be accomplished. I suggested that it was a matter to be considered by the Executive Director but I would recommend it only after he had been on the job for a while and certainly not before he goes over to the Office of Training. Cunningham advised me he had been a GS-18 for 10 years and he would like to be considered for an Executive Pay Scale position. I advised that after an appropriate time in OTR I would be glad to consider taking recommending action to the Executive Director.

DIARY NOTES

17 January 1969

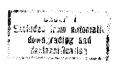

DD/S

- 1. Executive Pay Raise: In a meeting with the Executive Director on 17 January the point was raised about the possibility of an Executive Pay raise following President Johnson's presentation to the Congress. The Executive Director wanted to be certain that Personnel has taken the appropriate action in preparing all the necessary papers to effect these raises as soon as authorized. Colonel White mentioned that he left a file in this office concerning the Executive Pay Scale positions which recites the history of the authorization to the Agency for these positions. I will attempt to familiarize myself with this background.
- 2. Briefing of Richard Lalley, Director of Security, Department of Transportation: Howard Osborn and advised that on this date they had briefed Mr. Lalley, a Dr. Seigel (phonetic) and three other FAA officers on a device that might be useful in helping to prevent or cut down the hijacking of planes to Cuba. Since I was pressed for time I asked Mr. Osborn to personally brief the Director on the substance of their briefing and the reaction of the group.

2. Filling of Positions at I called on 15 January and raised the question of the staffing of the senior position to oversee the proposed large-scale building program in and filling of the Chief of asked that we defer this Support position vice until after the first of February as he had told the new chief of station to take at least this much time in deciding whether or not he wanted for these purposes a single competent Support Officer or a senior technical Logisticstype officer who could oversee the construction program and supplement it by a Support Officer. He advised that he has not heard the COS's response as yet and he wanted to give him a little more time. He will advise me when the COS makes his views known.

DIARY NOTES

	<u>DD/S</u> <u>15 January 1969</u>	
	* * * * * * * * * * * * * * * * * * * *	
25X1A	1. This morning, 15 January 1969, I spoke to Gordon Stewart as to whether he had any vacancies on the IG Staff. He advised he has one coming up and did I have a nominee and I mentioned I explained that Pat has been an extremely good soldier and has given Les Bush his complete support in the new program of the Office of Finance. This has been rather difficult for Pat because he has a somewhat different philosophy on a number of these points but he has manfully swallowed his interests and carried out with complete sincerity the wishes and desires of Mr. Bush. I think this puts Pat in a most difficult position. Gordon Stewart spoke most highly of Pat as a man of ability and integrity. Stewart will talk to the Executive Director and will be in touch with me on this matter. I indicated there was no pressure on the timing and this could take place most any time.	25X1 <i>i</i>
25X1A 25X1A 25X1A 25X1A	*2. The Director at the Executive Committee Meeting of 15 January noted that GS-12, Reports Officer, assigned to had died in a hotel room in from an overdose of barbituates. He asked that we look into the case to determine the causes of death and to see whether or not there was a history of this nature and whether there was anything that the Agency could have done to have assisted or aided I am asking Dr. Tietjen to take up this matter on an expedite basis and report on the above considerations.	25X1A

DIARY NOTES

25X1A

13 January 1969

1. <u>DD/S Development Complement:</u> Mr. Coffey mentioned in the course of a discussion of the Communications Executive Inventory of a need for a Development Complement in the DD/S particularly to carry those employees who are being sent to schools and universities for officially sponsored training. Such training may extend from six months to two years. I am uncertain as to the status of Development Complements in the DD/S but ask that explore the possible creation of such a Complement assigned to the DD/S and to be used throughout the DD/S for training purposes.

25X1A

2. <u>U. S. Student Press Association</u>: This association has requested the participation of the Agency in a briefing of some of its members on 14 February 1969. The association is holding its convention in Washington 13-16 February. After discussion at the Executive Committee Meeting the Director has agreed to have 25 members come to the Agency for a briefing on 14 February. The Executive Director is in charge of arrangements. Jake Goodwin asked that I verify with the State Department their participation in a similar briefing for a group of members of the association and I am doing so through

DIARY NOTES

DD/S

10 January 1969

1. Employee Review Board: Today the Executive Director advised that DD/P, DD/I and DD/S&T are to appoint in lieu of their present nominees full-time members to the Employee Review Board. The DD/S is responsible for ensuring that the Deputies make such appointments. As is customary we should check these names with the Medics and Security. The Board needs space in which to operate which presumably would include an office or two and a meeting room and the DD/S is responsible for providing this space. The Board also needs a full-time secretary and the Director of Personnel will furnish

DIARY NOTES

DD/S

9 January 1969

Take Stock Plan: Emmett Echols presented the Take Stock Plan to the Deputies' Meeting today and made a most excellent presentation. The plan was acceptable by the Deputies with several minor reservations which do not affect the overall purpose of the plan. It was agreed that a task force would be created to frame up the Agency's proposal and conduct negotiations with the Internal Revenue Service and other interested components of Government and present the plan to the Agency for approval. At a subsequent meeting with the Executive Director he proposed that I appoint the task force on the basis of individuals with knowledge and skill in this area and that I clear the composition of the task force with the other Deputies rather than try to have a representative from each Directorate serve on the task force. It is anticipated that the task force will have completed its deliberations about the first of June and be prepared to submit its final proposal. I have in mind appointing Mr. of PPB, Chairman and the other members to be:

25X1A

25X1A

of OGC and a representative from the SIPS Program. I will make the necessary arrangements for the assignments of the above individuals.

DIARY NOTES

DD/S 8 January 1969

- 1. Supergrade Survey: I met with the Executive Director, John Clarke and Bob Wattles today concerning the Supergrade Survey. Colonel White indicated approval of the survey and it was agreed that we will wait until after the first of February before approaching the Bureau of the Budget for an increase in supergrade positions. John Clarke is to serve as the single point in determining the appropriate time to approach the Bureau of the Budget and he will keep me advised. When the groundwork is properly laid we will then meet with BOB to endeavor to obtain a three to five-year commitment on supergrade increases.
- *2. Nominations for Awards: In several discussions concerning the procedure of the Agency in nominating its senior officers for public awards such as the Flemming, Jump and National Civil Service League, it was agreed that we should approach this in a more organized fashion. In order for us to properly follow the procedure we should present our nominating papers in the most expressive and dramatic way possible, avoiding the bureaucratic approach. We should enlist endorsements from prominent Government officials as may be appropriate after the nominations have been sent to the awarding group. Additionally it would be of interest to know the names of committees or judges who review the nominations and select the winners and determine the timing that this action takes place. I am asking the Office of Personnel to organize this procedure so that we can more appropriately follow the award procedure.

25X1A

- 1. Program for the Management of Problem Drinking: In reference to a proposed memorandum for my signature to the Director of Medical Services (DD/S 68-5440) on this subject, I telephoned Dr. Tietjen rather than sending the memo. Dr. Tietjen advised that he is just about to present to me a proposed Headquarters Notice on the Establishment of Consultative Services by the Office of Medical Services. These services are to be available to all employees of the Agency at the initiative of the employee himself. Included in these services, among other things, would be assistance to employees and supervisors on problem drinking. In addition, OMS proposes to establish an educational program whereby supervisors can be briefed and guided on handling drinking problems. With the benefit of a proposed Notice I do feel that this Program offers the opportunity to meet the problem drinking case as part of an overall program but not highlighting it as a specific Agency program. I advised Dr. Tietjen to present this to me as soon as possible and we will then clear it with the Executive Director. Additionally, the program should be mentioned at either the Morning Meeting or at a Deputies' Meeting.
- *2. Records of Clandestine Services Personnel: I met with Dr. Tietjen and Messrs. Wattles, to discuss the 4 December 1968 request of the DD/P (DD/S 68-6046) for a listing of Clandestine Services personnel on whom there is information listed in the Significant Personnel Information (SPI) System. Various aspects of this problem were discussed, particularly the nature of the record information and the system by which these records are checked. In addition it was noted that a flag is placed in the Official Personnel File if there is information in the SPI. (This is a factor of which I was unaware prior to this date) It was the consensus of the group and my position that there should be no proliferation of this listing of information. Mr. Wattles is to talk to Mr. Karamessines on this matter and if it cannot be properly resolved then I will do so. Should the DD/P insist it is a policy matter then it must be taken up with the Executive Director.

2. Brookings Institution Conferences of Business Executives:
We have the schedule for 1969 (February through July) and I raised with Colonel White the question as to how the team would be constituted to conduct these briefings. Colonel White did not have an answer at this time but it was agreed that we would all mark these dates on our calendars and then as developments occur divide up the responsibility for the briefings.

3. DCI Funds: Colonel White on this date brought to my attention a matter that Mr. Coffey had previously mentioned, namely, the excessive 25X1A time it took for to obtain a sum of money from an Agency Dispersing Officer. I advised the Executive Director we are already check-25X1A tried to do this the hard ing into this and that I thought that way rather than following special arrangements permissible under these 25X1A confirmed that this was the case and I asked circumstances. him to inform Colonel White's office and in turn see that 25X1A fully briefed on what action he should take in these circumstances. 25X1A

4. Replacement of: It was announced today that will replace as Executive Assistant to the Director following his Midcareer Course training. This will take place in March. Meantime Colonel White wants a replacement for and asked whether the DD/S would have a nominee or not. I have informed Colonel White that our previous suggestion as a substitute for namely, is still our nominee.

DCI Duty Officer Log 1 January 1969 R. L. Bannerman Deputy Director for Support

O915 Checked in with Operations Center; reported to The Director's Office; activated telephones.

Late yesterday afternoon the Operations Center received word from Mr. Eagleberger that the briefing of Mr. Kissinger on Saturday has been cancelled. It is not known whether any alternative date is under consideration. It is not believed that Mr. He lms is aware of this development and he should be so informed when he calls the Operations Center or the DCI Duty Officer.

1040 The Operations Center advised that they have been in touch with Admiral Taylor. They are sending to his quarters by courier a DD/S&T paper for the Admiral to sign.

NODIS TRAFFIC

State to Paris, #294329, copy 7, dtd 31 Dec 68--attached

1230 Checked out with Operations Center; switched telephones; secured office.
